And just to confirm - don't send this yet.

Teddy needs to review.

Thanks!

Here's a one-pager for Senator McCain. Jason Brush and I have both reviewed and approved it.

Brent –
Carter is out of the office this morning dealing with a family emergency. I was on leave for a couple hours myself this morning, so just arrived and saw your message. I've asked Jeannie Geselbracht to work with the Wetlands Office to draft a one-pager regarding the status of the NEPA and 404 processes.

Hi Brent,

Our office is monitoring the progress of the proposed Rosemont Copper Mine in southern Arizona located on the Coronado National Forest.

Sometime next week, can you provide me with a status update on where EPA is on the permitting and EIS work? Thanks sir.
